- Roads

This map is an indication of where weed records are on Cape York. It does not show the extent of weed infestation or the distribution of weed species. It is intended as a guide to help identify areas where weed management is needed. It is not intended to be used as a basis for making decisions about weed management. For more information on weed management in Cape York, please contact the Cape York Regional Council. This map is based on data from the Cape York Regional Council's Weed Management Plan (2010-2015).
